BLUE SEA VIETNAM

QUIZ: CORAL REEF

A vibrant, cartoon-style illustration of a coastal scene. In the foreground, a young boy with dark hair and a yellow life preserver is diving underwater, looking towards the viewer. The underwater world is teeming with life: a large brown manatee swims on the left, a green sea turtle on the right, and various colorful fish, including yellow ones and a seahorse. There are also coral reefs, a purple jellyfish, and a yellow fish-like creature. Above the water, a small wooden boat with two people is on the sea. In the distance, a lighthouse with blue and white stripes sits on a small island. The background shows a green coastline with trees and a small hut, under a bright sky with birds flying. The overall scene is bright and cheerful.
