Wind and current

Marine animals

Human

Seagull

QUESTION 4 – ANSWER

How does marine debris move around?

Wind and current

Marine animals

Human

Seagull

QUIZ 2: DO AND DON' T!

Play on the beach

Pick up plastic bags/bottles and putting them in the garbage can

Dump broken fishnets and fishing rods into the sea

Burn joss paper on the beach

Use fabric bags for shopping

Use styrofoam containers for food

Remind locals and tourists to not litter

Pick up shells on the beach

Avoid using plastic bottles/cans

A vibrant, stylized illustration of a coastal scene. In the foreground, a young girl with dark hair, wearing a blue diving mask and a white patterned shirt, is diving underwater. She is surrounded by various marine life, including a large brown manatee, a green sea turtle, a purple jellyfish, a yellow seahorse, and several colorful fish. The background shows a calm sea with a small boat, a lighthouse on a rocky island, and a forested coastline with a few buildings. The sky is light blue with a few birds flying. The overall style is bright and cheerful.

QUIZ 3: LONGEVITY OF MARINE DEBRIS

HOW LONG DOES IT TAKE FOR THESE TYPES OF DEBRIS TO DECOMPOSE?

ANSWER
